Mr. Lesley Vernon ( Buddhi ) has been a very dear and near person to me for well over four decades.

He has served for the country as a true Buddhist although his permanent residence is in Japan. He is a well respected media personality in Japan. He has done a tremendous service to enhance the image of Sri Lanka through his novel media concepts and very popular TV programmes.

He is dedicated, honest, and dependable and can be entrusted with any responsible work. I can assure that he is a very reliable person and is well versed in mass media with enormous potential. Above all he is an exemplary human being who has a lot of character with remarkable human qualities.

I wish him success.

May the blessings of the Triple Gem be with you

Yours in the service of the Dhamma,

Ven. Banagala Upatissa Nayaka Thero
